For Additional Questions and Answers, visit our [FAQ](#) section

Step 1: Select the Application

Click **Check Claims Status** on the left-hand side menu on the **MyPractice** Page.

- This feature is available for all accounts for which Magellan is the claims payer (also, we show re-priced claims, but these include a message indicating we are not the payer).
- **Check Claims Status** displays CMS 1500 and UB-04 claims submitted online and via hard copy.
- Only the last 18 months of claims data will display online.
- Online EOB statements only are available for claims paid after Dec. 1, 2004. At present, this is not available for ACS claims.
- You only can view claims associated with the Tax ID# through your Magellan website account (see the **MyPractice** page).
- For providers who receive Electronic Funds Transfer (EFT) payments from Magellan, you can use the **Check Number** field to look up your payments.
- **Check Claims Status** is HIPAA-compliant.
- You can see your five most recent claims on the **MyPractice** page in the **MyClaims** section.
