**Notes:**

- 1) **Telehealth Services Provider Attestation:** Plans requires completion and return of this document for provision of all telehealth services.
- 2) **Telehealth** is defined by Plans as a method of delivering behavioral health services using interactive telecommunications when the member and the behavioral health provider are not in the same physical location. Telecommunications **MUST** be the combination of audio and live, interactive video.
- 3) **Telehealth distant site providers** are defined as the site at which the physician or other licensed practitioner delivering the service is located at the time the service is provided via telecommunications system.
- 4) **Originating site providers** are defined as the location of the member at the time that the service being furnished via a telecommunications system occurs.
- 5) **CPT/HCPCS codes performed by telehealth distant providers** should be billed with the GT or the 95 modifier.
- 6) **HCPCS code Q3014 performed by telehealth originating site providers** should not be billed in conjunction with the GT or the 95 modifier; some accounts may require separate authorization for this HCPCS code to be reimbursed.
- 7) **Place of Service code:** All telehealth claims should be billed with the "02" POS code.
- 8) All codes/services listed are subject to the provisions and limitations of the Member's benefit plan including authorization requirements. Nothing in this document should be construed as altering Member's benefits.
